## Work Experience

### Director of Professional Services

FreeAgent CRM; June 2022 - August 2023

- Improved integration efficiency by 40%, optimizing project planning and estimation.
- Led a team in executing technical projects, utilizing tools like React, SQL, AWS, and others.

### Software QA Lead, Business

Driscoll's; June 2019 - December 2020

- Key role in enhancing business processes; contributing to overall operational efficiency.
- Collaborated closely with developers to streamline external API integration and mapping.

### Web Developer/Designer

Contractor Advertising; March 2015 - July 2017

- Crafted mobile-first, responsive themes using HTML, CSS, SASS, JavaScript, Gulp, Bootstrap, and WordPress.
- Innovated internal software solutions, automating tasks with PHP, Bash, and Selenium, significantly boosting operational efficiency.

## Projects

### eCommerce Store

Bien Miches; September 2023 - Present

- In September 2023 I founded a growing michelada mix e-commerce brand. We are now at 4 Distributors.
  - Our online store leverages Shopify's headless e-commerce framework, Hydrogen, and global edge distribution, Oxygen, as well as remix.run, React, and Typescript.
- github.com/malexanderlvz/bien-miches

### e-Learning Platform

Learkn; April 2020 - July 2021

- Spearheaded the concept and execution of the product vision, efficiently managing backlog and achieving an MVP launch within a three-month timeframe (Jul '20 - Oct '20), establishing a three-way marketplace MVP.
- Developed a robust 'YouTube/Udemy'-style platform, attracting 5.8k users
